Terms & Conditions	
1.0	Accommodation Expenses: Additional charges may apply for accommodation and travel expenses incurred by the team, which will be invoiced separately. All prices are exclusive of GST.
2.0	Payment terms are seven (7) days from the date of invoice unless negotiated otherwise in writing prior.
3.0	No chemical and/ or water provided or allowed for in pricing. Clients are responsible for sourcing and providing their own chemicals, water, and application rates (with sign-off from an agronomist) prior to services commencing.

DISCLAIMER:

- i. SkyApply endeavours to provide comprehensive services but cannot be held liable for damages arising from incorrect chemical application. Clients are required to approve the chemicals used, dosage (concentration) and application rates before commencement of work to ensure accuracy and suitability for their specific requirements, in accordance with Australian law.
- ii. SkyApply assume that all chemicals and water provided by the client meet required quality and safety standards. SkyApply is not liable for any issues arising from substandard or contaminated inputs.
- iii. Commencement of work is dependent upon agreement of weather conditions confirmation **48 hours** prior to commencement via <http://www.bom.gov.au/tas/>. SkyApply is not liable for damages caused by factors beyond our control.
- iv. SkyApply reserves the right to invoke force majeure in the event of circumstances beyond our control that prevent the fulfillment of contractual obligations.
- v. Clients are responsible for securing all necessary permissions and access to the locations where drone services are to be performed. We are not liable for any issues arising from restricted access or failure to obtain necessary permissions
- vi. Clients are responsible for providing accurate instructions and information regarding the service location and objectives. Failure to provide complete and accurate information may result in additional charges or service delays
